The elderly people are the backbone of our society. They are with rich experience and knowledge. It is the primary duty of every citizen to care for them. The branch of medicine that deals with health problems of aged people is called 'Geriatrics'.

Their needs are based on their physical, emotional and mental condition. Their immune system gets weakened. They lose their sight, hearing, taste and mobility. It is well said that 'Old age is the second childhood'. Their needs for food, shelter and clothing have to be attended. Apart from these they need love, caring and understanding.

The biggest problem of old age is loneliness. They feel as if they are unwanted burden to others. The best way is to spend some time with them and listen to their feelings and emotions. It would give them a sense of belonging and warmth.
