Physical fitness and freedom from all kinds of ailments are the desire and the ambition of every human being. Indeed, good health is the first condition of happiness in life. Those who play games generally maintain good health. Games are the first condition of happiness in life. Those who play games generally maintain good health. Games are an excellent means of bodily exercise. Whether it is sophisticated games like hockey, football and tennis or simple games like Kabaddi, they provide the much needed exercise to the body and thus keep the body healthy and strong. Players always have a better appetite and a better digestion than those who play no games or do exercises. Games not only make the body healthy and strong, but also make it muscular. Apart from building the body, games are an excellent recreation or pastime. Education teaches people the need and value of recreational activities. Education does not approve of the book-worm, who is lost in books all the time. Recreation is necessary. And games are among the most interesting recreations in the world.
