

XI - ZOOLOGY (2022 - 2023)

## Very Important Diagram. Questions

1. Draw the structure of Kidney?
2. Draw the structure of neuron?
3. Draw the structure of Nephron?
4. Types of Neuron. Draw the structure with parts?
5. Draw the structure of heart?
6. Draw a neat Diagram of the digestive system of frog?
7. Structure of Typical long bone?
8. Explain the phylum - Porifera with diagram?
9. Explain the phylum - Coelenterata with diagram?
10. Explain the phylum - Arthropoda?
11. Draw the various types of WBC?
12. Graph of Normal ECG?
13. Structure of <sup>human</sup> respiratory system?
14. Explain the phylum Echinodermata with diagram?

G. THIRUMOORTHY, M.Sc., B.Ed.  
P.G. Asst. in PHY-SICS,  
Mash Vidya Bhavan Mat. Hr. Sec. School,  
Vazhankattanur, 537 301,  
Sankagiri (Tk), Salem (Dist).

15. Explain the Phylum Annelida with diagram?
16. Structure of human Excretory system?
17. Draw the Structure of pelvic girdle with lower limb?
18. Explain the Electrocardiogram with diagram?
19. Mechanism of urine formation in human?
20. Explain the Phylum Mollusca with diagram?
21. Explain the female reproductive system in frog with diagram?
22. Explain the male reproductive system in frog with diagram?
23. Explain the Digestive system of cockroach with diagram?
24. Label the diagram of liver?
25. Sketch a flow chart to show the path way of air flow during respiration?

G. THIRUMOORTHY, M.Sc., B.Ed.  
P.G. Asst. in PHYSICS,
