Knowledge is like a deep well, fed by perennial springs, and your mind is the little bucket that you drop into it. You will get as much as you assimilate. The brain, which is the physical organ of the mind, is one of the two precious products of eons of evolution. The other is the imponderable "social instinct". This wonderful brain whose every convolution represents millions of years of Time, really distinguishes from the animals. Many animals have keener sense than man but no animal has a more evolved brain or a higher intelligence. If you do not develop and use this brain to the utmost of your power, you are more akin to the beasts than to Homosapiens.

Compared to a motor bike or a car, the bicycle is a slow moving vehicle but its popularity has been on the increase in recent years. There are many reasons for this. First the bicycle is the cheapest mode of transport which does not require petrol or diesel as a car or motor bike does. In these days of fuel shortage this is a decided advantage. It is small, light weighted, convenient and draws its power from the rider. These are no parking problems. It takes one to the destination with more certainty than cars or large motor bikes which are often help us in traffic jams.

It causes no noise, no smoke and it is eco - friendly as it produces no pollution. Finally riding a bicycle is a good exercise which reduces the blood sugar and tones up one's heart and muscles. As a result it makes one keep away from the doctor forever.

Questions:

- (a) What is the most important reason for the popularity of the bicycle?
(b) How is bicycle convenient to reach one's destination of travel?
(c) How does cycling keep us fit?
(d) Give one more reason for the popularity of the bicycle?
