43) Make notes or write a summary of the following passage:

Trees not only supply us with many of the Conveniences of our daily life, they do much more than that. They support the life of living things. They help to replace the oxygen in the air. Constantly being used up and turned into Carbon dioxide when animals breathe and things burn. The green leaves of trees absorb the carbondioxide from the air and with the help of sunlight break it up into Carbon and Oxygen. The Carbon is used to make starch and oxygen is released into the atmosphere. The green cells of leaves are wonderful little laboratories. Where all the starch in the world is produced. Thus, trees are great friends of man.

Part - V (General Comprehension)

47) Read the following paragraph and answer the questions given below: 4×2=8

Some Insects are harmful to human beings. The poison of the black widow spider causes unbearable pain. It stiffens the muscles of the abdomen and causes death to some of the victims. Some kinds of mosquitoes carry germs that cause diseases, such as malaria, yellow fever and sleeping sickness. The mosquitoes pick up the germs and pass them on to the people they bite. Flies play a part in spreading such diseases as cholera, dysentery and typhoid fever. All insects which carry germs and spread diseases live and breed only in dirty places. So we can prevent such diseases if we keep our houses free of dirt.

Questions:-

- How harmful is the bite of the black widow spider?
- What are the diseases caused by mosquitoes?
- How do mosquitoes play a part in spreading diseases?
- Why are flies harmful to us?

A bird, came down the walk  
He did not know I saw  
He bit an Angle worm in halves  
And ate the fellow, raw  
And then he drank a Dew  
From a convenient Grass -  
And then hopped sidewise to the wall  
To let a Beetle pass - He glanced with rapid eyes,  
That looked like lightened beads, I thought  
He stirred his Velvet Head.

Questions:-

- What did the bird eat?
- Did the bird drink water? How?
- How did the bird eat the worm?
- What are the eyes compared to?
