

## XII CHEMISTRY BLUE PRINT 2023 [Expected]

### 2m chapters:-

1. Metallurgy
2. P-block I
3. Coordination compounds
4. Ionic Equilibrium
5. Electrochemistry
6. Surface chemistry
7. Organic nitrogen compounds
8. Chemistry in everyday life
9. Kinetics / Solid state

### 3m chapters:-

1. Metallurgy
2. P-block II
3. Transition and Inner transition elements
4. Solid state
5. Chemical Kinetics
6. Carbonyl compounds and carboxylic acid
7. Biomolecules
8. Organic nitrogen compounds
9. Hydroxy compounds & Ethers

### Note:-

- \* Students can use this blue print as their guideline only. This is purely based on PTA and Public Question Paper of previous years [2020-2022]
- \* For those who want to score 30-35 out of 70, Read Chapter no 1, 8, 4, 10, 14, 15.
- \* For assistance on 5m & compulsory questions, ping me personally.
- \* For any further clarification, feel free to message me on 9080628732, T.S Narayanan, PGT Chemistry
