

21st. February 2024

To
All Collectors.

It is proposed to launch Aadhaar Enrollment and Aadhaar Mandatory Bio metric update in the school premises through the authorized agents of ELCOT, so that the necessity of traveling to the permanent enrollment centre can be avoided.

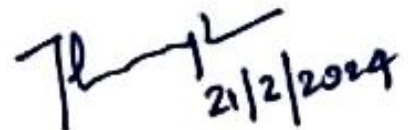

The Hon'ble Minister for School Education will be launching this programme in Coimbatore on 23.02.2024. You are requested to launch the same in your District on the same day and for this purpose suitable instructions have already been given to the Chief Educational Officer of your district.

I am to inform you that ELCOT is having 770 enrollment/ updating kit which can be pressed into service by the District Administration effectively. Branch Managers of ELCOT have also been instructed to coordinate the enrollment / updating task with the district administration. It is proposed to operationalize all the 770 kits by 15.03.2024.

Moreover, I am to request you to review this scheme very closely as it will be beneficial for the school children for availing all the benefits and assistances that are being given by the Government in DBT mode.

Finally, you are requested to ensure that **no child shall be allowed to go out of the school** for the purpose of Aadhaar Enrollment/ Aadhaar Mandatory Biometric update.

Thanks and Regards,

21/2/2024
