Bungee Jumping is an activity that involves jumping from a tall structure while connected to a long elastic cord. The tall structure is usually a fixed object, such as a building, bridge or crane; but it is also possible to jump from a movable object, such as a hot-air-balloon or helicopter, that has the ability to hover above the ground. The thrill comes from the free-falling and the rebound. When the person jumps, the cord stretches and the jumper flies upwards again as the cord recoils, and continues to oscillate up and down until all the kinetic energy is dissipated.

Jumping heights, located in Mohan Chatti Village, in Rishikesh has been rated as one of the most preferred bungee jumping destinations in India at a height of 83 metres. It is the only place in India where bungee jumping can be done from a fixed platform. This is also India's only fixed platform Bungee – performed from a professional cantilever, to separate it from entertainment parks, and create instead, an extreme adventure zone. The Bungee has been designed by David Allardice of New Zealand..

The Cantilever platform is built over a rocky cliff over-looking the river Hall, a tributary of River Ganges. Bungee-ing amidst the vastness of nature lends the experience an absolutely breath-taking quality. Jumping heights is well known for its safety measures and experienced staff.

If you can't be a pine on the top of the hill,  
Be a scrub in the valley – but be  
The best little scrub by the side of the rill;  
Be a bush, if you can't be a tree.

If you can't be a bush, be a bit of the grass,  
And some highway happier make;  
If you can't be a Muskie, then just be a bass-  
But the liveliest bass in the lake!

We can't be all the captains; we've got to be crew,  
There's something for all of us here.  
There's big work to do and there's lesser to do  
And the task we must do is the near.

If you can't be a highway, then just be a trail,  
If you can't be the sun, be a star;  
It isn't by size that you win or you fail-  
Be the best of whatever you are!

**Questions:**
