37. Make notes of the following passage.

Charlie Chaplin was born on April 16, 1889, in London, England. His birth name was Charles Spenser Chaplin, though he had many nicknames growing up such as Charlie, Charlot, and The Little Tramp. His father, Charles Chaplin, and his mother, Hannah Chaplin, were inducted into the music hall of fame, leading the way to his exposure even as a young boy. His first onstage moment was when he was 5 years old; he sang a song that was intended to be sung by his own mother; she had become ill at the time of the performance, so little Charlie Chaplin stood instead and performed for his mother.

38. Write a summary of the following passage.

Pollution is the major issue in India. Anything added into the environment that results in producing harmful or poisonous effect on living things is called pollution. It is one of the considerable issues for the whole world. It is a kind of impurity in natural environment that is harmful for all the living beings on earth. Pollution whether it is air, land, noise or water always has adverse effects. India is the world’s largest consumer of fuel wood, agricultural waste and biomass for energy purposes, which releases millions of tonnes of pollutants into the air every year. Vehicle emissions, another source of air pollution, get worsened by fuel adulteration and poor fuel combustion efficiencies from traffic congestion. Factories pollute air through fossil fuel emissions. These emissions include carbon dioxide, methane and nitrous oxide.
