SAIVEERA ACADEMY'S CENTUM SCORING TIPS

Instruction to be followed to score above 90

- First thorough the following chapters (1 , 2 , 3 , 5 , 8 , 11 , 12) [Late bloomers advised to thorough 5th chapters five marks]
 - Don't forgot to study the theorem and definition given in the last page
 - Next thorough (6 , 7 , 9 , 10) Five marks & (4) Five marks and three marks
 - To score centum try to solve all the sums given in the above chapters
 - Read all the Notes , remarks given in the book (refer last page in this pdf)
 - Read all the one marks given in the book back & our book inside one marks pdf (workout the one marks)
 - Below pdf contains classification of sums like 2m , 3m , 5m
-
- Underlined and blackened questions are more important
 - Blackened Questions are less important
 - Important given only for three marks and five marks
 - Some questions will be given in both three and five marks
 - Give importance to three marks also because they can be asked in five marks

Different perspective questions (They can be asked)
